Claim 1: AAAI will be scheduled in Singapore

factuality: True

query: When and where is the next AAAI conference scheduled? AAAI conference schedule

source: human

evidence: We are pleased to announce the Fortieth AAAI Conference on Artificial Intelligence (AAAI-26), which will be held in Singapore EXPO from January 20 to January 27, 2026.

answer: The Fortieth AAAI Conference on Artificial Intelligence (AAAI-26) will be held in Singapore EXPO from January 20 to January 27, 2026.

reasoning: The claim states that AAAI will be scheduled in Singapore, which is a general statement about the location of the conference. The provided answer specifies that the Fortieth AAAI Conference on Artificial Intelligence (AAAI-26) will indeed be held in Singapore EXPO from January 20 to January 27, 2026. This detailed information confirms the claim's assertion that the conference will take place in Singapore.

Claim 2: The first AAAI conference was held in 1990

factuality: False

query: When was the first AAAI conference held? AAAI conference history

source: knowledge

evidence: The first AAAI (American Association for Artificial Intelligence) conference was held in 1980. This event marked the beginning of a series of annual conferences focused on advancements in artificial intelligence research, technology, and applications. Initially known as the National Conference on Artificial Intelligence (AAAI), it has since evolved into a pivotal forum where leading researchers and practitioners present their latest findings and innovations in AI.

answer: 1980

reasoning: The given claim states that the first AAAI conference was held in 1990, but the provided answer suggests it was held in 1980. These dates do not match, indicating inconsistency. According to historical records, the first AAAI conference was indeed held in 1980, making the claim incorrect and the answer correct.
